

## **Sex Education / HIV Prevention Curriculum Trainings School Year 2005-2006**

### **On-site Curriculum Trainings**

The Arizona Department of Education has assembled a cadre of trainers to provide a one-day, on-site curriculum training for school personnel. Schools can arrange for educators to be trained in either ***Making A Difference!*** (grades 6-9) or ***Reducing the Risk*** (grades 9-12). Both curricula are research-based and emphasize abstinence, personal-limit setting, and refusal skills. Curricula can be tailored to focus on sex education or HIV prevention. These trainings are designed for educators who have a basic understanding of HIV and other sexually transmitted diseases. There is no cost to the district for the curriculum materials and training, but trainings require a minimum of 10 participants who will implement the curriculum within a year. For more information about the curricula, access the "Research-Based HIV Prevention Curricula Chart" at <http://www.ade.az.gov/health-safety/health/hiv/>. To schedule an on-site curriculum training, access the Sex Education/ HIV Prevention Curriculum Training Form at: [www.ade.az.gov/health-safety/health/hiv/](http://www.ade.az.gov/health-safety/health/hiv/).

### ***Reducing the Risk* Curriculum Training**

Health educators also have an opportunity to attend the *Reducing the Risk* curriculum training that will be held at the ADE training rooms. This training does not require a minimum number of participants per district. After completing the training and obtaining administrative approval to implement the curriculum, educators will receive the curriculum at no cost. To register for this training, go to: <http://www.ade.az.gov/online/registration/calendar/RenderCalendar.asp>

December 2, 2005

2005 N. Central Ave., 1st Floor, Phoenix

Event Times: 8:30 AM - 4:30 PM
